To whom it may concern,

I am happy to provide this testimonial for Rose Lindsay and Admin on Demand

I recently engaged the services of Rose Lindsay from Admin on Demand to design and build my website, [www.underthesunproducts.com.au](http://www.underthesunproducts.com.au) . I chose Rose above other web builders as I found her to be far more eager, had a genuine interest in website design and was down to earth and pleasant to deal with. The fact that Admin on Demand was cheaper than the other website builders was an added bonus.

Most importantly Rose was reliable and communication was excellent, I was kept informed throughout the construction stage.

Rose certainly knows what she is doing when it comes to optimisation (finding the website) Within 3 weeks my website could be found easily on the first three pages, using many different search words. Now my website is mostly found on page one and two.

Numerous people have commented positively on how professional the site looks as well as how easy it is to navigate.

I am more than happy with the level of enquiry so far. My website is getting many hits as well as many enquiries, which has resulted in many sales.

I have no hesitation in recommending Rose Lindsay from Admin on Demand to design, build and optimise your website.

Kind regards
